

HallsRoad Committee

Fri, Jan 15, 7:10 PM

Dear Sir/Madam

I support the planning process goals towards a New Halls Road tree lined, pedestrian friendly, streetscape.

I support putting a pedestrian bridge over the Lieutenant River where the Bow Bridge used to be. I support changing the "commercial only" Zoning designation to allow for mixed use of housing and business. These changes will create a walkable neighborhood consistent with the charm and character of Old Lyme.

I fully support allowing new market rate residential units to be built. I expect to retire from work and downsize from my current home in 15 years. It would be nice to be able to stay in Old Lyme.

I support the town's creation of a comprehensive plan to encompass the above goals, as well as the town seeking grants and regulating permission to make the above improvements.

Sincerely,
Harvey Gemme
