

## OLD LYME HISTORIC DISTRICT COMMISSION

### Application for a CERTIFICATE OF APPROPRIATENESS

**INSTRUCTIONS:** Type or print all information. Enclose an application fee of \$40.00, payable to the Town of Old Lyme. Attach the materials noted in items 7 and 9 below. Email this form and all attachments to the Old Lyme Historic District Commission (HDC) at the address in the header of this form or send the material to the HDC at Memorial Town Hall, 52 Lyme St., Old Lyme, CT 06371.

**NOTES:**

- A Certificate of Appropriateness (CofA) is required before exterior structures in the Old Lyme Historic District (HD) are built or modified, if any portion of them is visible from Lyme Street or another public way. Structures include new buildings, building additions, swimming pools, driveways, walkways, parking lots, all signs, fences, roofing, walls, windows, living hedges, exterior lighting, HVAC units, generators, propane tanks, exterior stairs or ramps, shutters, etc.
- The Old Lyme Historic District Commission (HDC) is required to approve or deny a CofA following submission of a CofA application, payment of required fees, and a public hearing.
- A CofA is also required before a building is demolished.
- If your project involves repairing or replacing an existing structure with a structure identical in all respects (e.g., location, size, height, appearance, and material), file a Like for Like form before work is undertaken, rather than a CofA application. No fee is due and no hearing is required with a Like for Like application.
- If you are proposing a significant project, we strongly urge you to discuss your plans with the HDC at one of its regular meetings before filing this application. The HDC meets at 9:00 a.m. on the first Monday of every month except August. If the first Monday is a holiday, the HDC will meet on the second Monday.
- For all projects, please leave enough time for any discussions and completion of a CofA hearing before you order material or begin work. Please also leave enough time to obtain required approvals for your project from other town or regional boards, departments, or commissions. The HDC must approve a CofA application before you seek required approvals from the Zoning Commission, the Building Department, the Tree Commission, or other town or regional boards, departments, or commissions.
- For more information, consult the Historic District Handbook, or visit <https://www.oldlyme-ct.gov/historic-district-commission>

1. OWNER(S): \_\_\_\_\_ PHONE NO: \_\_\_\_\_
